

The Little Greedy Caterpillar

**The Little Caterpillar
was walking along so cheerfully.**

and do you know where?

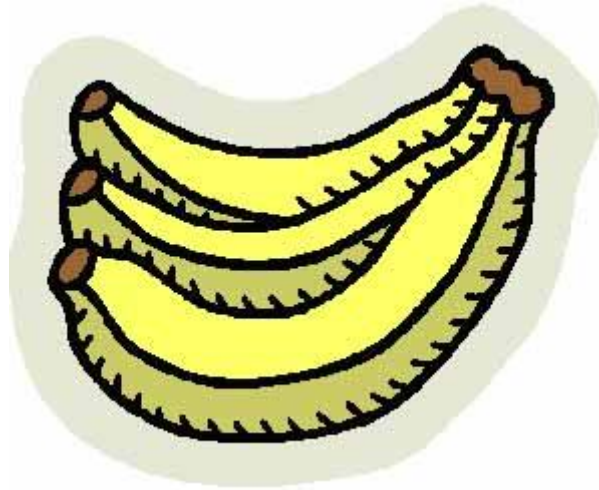

**Going to the supermarket in an open-air or maybe in the
fun-fair!**

On her way, she bought a lettuce...

...stem, ...soft leaves...

...and fruits...

When she come back home,
she washed all of them so carefully...

and after that...

Do you know what she did?
??????

Nhan...nhan...nhan..

She ate ... and ate ... and ate and

she became so fat,
that she swelled...
swelled...
swelled...
and almost blew up!

...but on a beautiful sunny day...

Little Caterpillar

transformed herself

into a pretty butterfly

and flew!

Let's finish by drawing this friendly caterpillar?

Let add some feet and colour her!
