

The sound of my heart

My heart is full of gratitude
For every moment that I passed there,
You touch my soul in love and peace,
As I discover your kindness and blessings

My words, are so shy to say: "Thank you".
Please, hear the sound of my heart
Full of gratitude and love,
For everything I received there.

We are brothers and sisters,
In the Name of our Dear Lord.
May Jesus guide and inspire us always,
So we can be confident to help and love.

Perhaps one day, in the near future,
We can meet again here or there or anywhere.
Since we have had this opportunity,
We are one big family in the world.
